Aim and Scope

Nigerian Psychological Research is a quarterly publication of the Nigerian Psychological Association. It is intended to disseminate original scientific work in all fields of psychology, such as empirical, historical, theoretical and conceptual studies, as well as reviews of literature.

Nigerian Psychological Research is one of the official journals of the Nigerian Psychological Association. It is a quarterly publication intended to disseminate original work in all fields of psychology, and it welcomes empirical and theoretical studies, as well as reviews, in a broad range of areas, such as developmental, school and educational psychology; social psychology; organizational psychology; behavioral psychology; clinical psychology; health psychology; cognitive psychology; neuropsychology; psychological assessment; experimental psychology; theory and history of psychology. Authors are required to pay a fee to publish in *Nigerian Psychological Research* because we publish with *Open Access* unless - in some cases where the author has a 100% waiver.
